Dear Mr. Weisberg,

I have all your Whitewash books on JFK and think you are a great authority on this subject. In Indianapolis there is a JFK Assassination Study Group which meets once a month and we exploit the many theories on the JFK Assassination. Are there any suggestions you can offer our study group? We are small in number (10-20 people), but we try to get other people interested in this subject.

I would like to know how to order one book that I can't get thru a bookstore: Oswald in New Orleans; Case for Conspiracy with the CIA. I look forward to hearing from you.

Sincerely,
Charles A. Mascus

P.S. I hope your health has improved. Take Care.
